

Summary of Project Academy Session 3, 11 December 2024

Recap of Session 3 - Janika Leoste, Madis Saluveer.

Janika and Madis recalled the main topics covered during Session 3: need for EdTech companies to stay flexible, explore diverse funding options, the opportunities for Edtech companies under European Innovation Council's Pathfinder Measure, what was Liis Siiraja (EdTech KideoCall) journey from creating virtual babysitting solutions to offering mother-language tuition for preschool children living abroad, and reminded about using the HE partner form template.

Intellectual property in Grant and Consortium agreement - Margit Ilves, NCP, Estonian Research Council, gave a in-depth overview how IPR issues are treated in both documents and what it means for consortium members.

Navigating the Funding and Tenders Portal – Madis Saluveer. Madis made a virtual tour of the portal and highlighted the different opportunities for users to find useful information about previous project, partner search, and other underused data in the portal.

Call feedback: Evaluation Summary Report – Janika Leoste. Janika presented an Evaluation Summary report and explained how to read what's behind the written comments of the evaluators
